SUPPLEMENTAL INFORMATION DISCLOSURE STATEMENT

Commissioner for Patents
PO Box 1450
Alexandria, VA 22313-1450

Sir:

In order to comply with 37 CFR 1.97 and 1.98, attached hereto is a copy
of Form PTO-1449 and copies of the documents listed thereon.

M:\5402\1m695us1\00031919.WPD [*54021M695US1*] /font=10

In accordance with MPEP Sections 609 and 707.05(b), it is requested that each document cited (including any cited in applicant's specification which is not repeated on the attached Form PTO-1449) be given thorough consideration and that it be cited of record in the prosecution history of the present application by initialing Form PTO-1449 next to the document. Such initialing is requested even if the Examiner does not consider a cited document to be sufficiently pertinent to use in a rejection, or otherwise does not consider it to be prior art for any reason, or even if the Examiner does not believe that the guidelines for citation have been fully complied with. This is requested so that each document becomes listed on the face of the patent issuing on the present application.

Since some of the documents were known to the applicant for more than three months before the filing of this Supplemental Information Disclosure Statement, the statutory fee of \$180.00 under 37 C.F.R. 1.17(p) is enclosed. The Commissioner is authorized to charge any additional fees required in connection with this Petition or to credit any overpayment to Deposit Account No. 04-0100.

A duplicate copy of this document is enclosed.

The undersigned is also enclosing herewith an English translation of the Abstract of each of the Japanese language documents identified in Form PTO-1449. It is believed that the applicant in the above-identified patent application has therefore met the "concise explanation" requirement of 37 C.F.R. 1.98.

Docket No. 5402/1M695US1

The present Supplemental Information Disclosure Statement is being submitted in compliance with 37 CFR 1.56, but the citation of such document is not to be construed as an admission that such document is necessarily relevant or prior art. No representation is intended that the cited documents represent the results of a complete search, and it is anticipated that the Examiner, in the normal course of examination, will make an independent search and will determine the best prior art consistent with 37 CFR 1.104(a) and in the course of each search, will review for relevance every document cited on the attached form even if not initialed.

Early and favorable consideration is earnestly solicited.

Respectfully submitted,

Dated: July 28, 2003
